Booking a time slot by the team captain

The registration starts with the team captain, booking a time slot for the team. This will be done in the [X web shop](#), starting Monday 31 August (10:00h).

During this first booking, only the team captain is registered. The team captain will book a time slot in the webshop. When the booking is complete and successful, the team captain will receive an info mail with a link to the registration form.

Registration of team members

In the registration form, the team captain is responsible for filling in the following data from X webshop for all players of the team;

- names
- email addresses
- personal account IDs [1]

Please note that before registration, all team members need a valid X annual subscription. We also need the phone number of the team captain for the general competition communication. If everything is in order, you will be contacted before Tuesday 1st September (23:59h) to confirm that you are joining the competition. The deadline for the registration form is the same day: Monday 31 August (23:59h). In addition, with the registration, the team captain will also sign a declaration confirming all team members are in possession of the X subscription, that the team will only play with players who are entitled to play, and that the captain and all team members are aware of the rules governing sportsmanship [2].

[1] Personal account IDs can be found in your personal X webshop under 'my profile', it has 7 numbers.

[2] See below in these regulations. If you don't complete your registration, your time slot booking will be invalid and released.

Registration costs

The costs to register a team are € 0,00. Therefore, the team will get access to the competition.

Open spots after Monday

When we find there are spots left open on Tuesday, because (for example) registration were not completed in time, we will open the registrations again later in the week. Please keep a close eye on our website and socials, where we will post any additional information.

Too few players

If a team has insufficient players during the competition due to injury, exams or other reasons, it may use guest players throughout the entire competition.

- Guest players without an X subscription, must purchase a weekly subscription at the hosts in the entrance hall before the match.

Please note:

- Weekly subscriptions will only be sold to participants in possession of a valid student or employee card (campus card);
- Weekly subscriptions cannot be purchased for a match once the match has started, or after checking the subscriptions.

Sportsmanship rules

X is pleased to offer all TU Delft students and staff the opportunity to make optimal use of its extensive, innovative and accessible sports facilities. The quality we offer can only be maintained and extended when all X participants are in possession of a valid subscription. Our financial dependence on subscriptions means we are compelled to ensure all participants of X facilities are in possession of valid subscriptions. We expect not only sportsmanlike behaviour from both captains and players alike, both on and off the field, but also collective responsibility for ensuring valid subscriptions. This implies that:

1. When one or more players are involved without a valid X-subscription, the whole team will be disqualified from the competition.
2. None of the individual players from the disqualified team will be allowed to participate in the competition in question.

Failing to show up

- If a team fails to show up for a match, the team that can make it is entitled to a 3-0 win. Please communicate beforehand with the opponent captain if your team cannot make it. This should be done at least before Sunday 23:59h.
- In case a match scheduled on the football pitch is cancelled, another team scheduled on the hockey field may take it to play their match instead.
- Teams are responsible for their own behaviour and differences of opinion must be resolved within the team. Walking off the pitch is seen as unsportsmanlike and can result in a warning or exclusion from the competition.

Communication

The competition leader will communicate with all captains in a WhatsApp environment. Captains can reach the competition leader by email with questions or scores from games, for example. We aim to reply to every email within three working days. All scores and rankings will be provided through the website (see link at website X).
